Criminal Court.

Wednesday, Samuel Fearson, Jr., indicted for assault and battery on Richard Ballenger, and Thomas Evans, for assault and battery on Henson Barrows, were found guilty. The parties from Engreticus.

are from Georgetown.

In the case of Benjamin Luckett, his counsel, Mr. Joseph H. Bradley, Jr., prosented satisfactory evidence of the fact that Luckett was now an enlisted soldier in the service of the United States, and therefore out of the jurisdiction of the court, which closed the proceedings in the case.

case. The case of James Collins, indicted for assault and battery on Kitty Cullen was then taken up-

Robbery.

Robbery.

A negro servant of the chaplain of the Long Island regiment, was arrested by Officer Cronin, for the robbery of letters containing money; which had been left in charge of his master. Upon his person was found \$190 in Treasury notes, a draft for \$30 on Johnson & Co., \$6 in coin, and a handsome gold watch, besides a new suit of clothes which he had recently bought. He was committed to jail by Justice Donn, to answer the charge at court.

James Murt, laborer, residing at the corner of L street north and New Jersey avenue, was shot at his own door by an officer of the Long Island Regiment, named Hegan. The difficulty occurred about an article of clothing. "Your balls were discharged by Hogan, one of which took effect on Mr. Murt, producing a serious wound in the hip. The affair occurred on last Sunday night. Sunday night.

Disturbing a Meeting.

T. A. Weightman was arrested yesterday evening, for disturbing the serenade to the Indiana delegation, in front of Brown's Hotel. He was taken before Justice Thompson, at the guardhouse, who fined him \$1.94 for disorderly conduct, and locked him up until morning.

Very Drunk.

Very drunk indeed was Margaret Brown (colored) last evening, as well as very bolisterous. She was nabbed by the M. P. while raising sancho on Thirteenth street, below the avenue, and was brought to the guardhouse on a wheelbarrow, by the officers, screaming at the top of her voice all the way to the station house. Margaret was daed \$1.94 by Justice Thompson, and, as she was too drunk to stand, was provided with lodging for the night.

Sudden Death.

On Tuesday afternoon, officer Wilson discovered, near the Capitol, a man in a dying condition. He was carried to Mr. Wiley's drug store, corner Third street and the Avenue, where he soon afterwards died. The body was placed in charge of Mr. M. White, undertaker. His name, it has been ascertained, was Estelle, a German.

Extract from the Heport of the recretary of the Navy. "In the coastwise and blockading duties of

the navy, it has been not unfrequent that fugi-tives from insurrectionary places have sough our ships for refuge and protection, and our our ships for refuge and protection, and our naval commanders have applied to me for instruction as to the proper disposition which should be made of such refugees. My answer has been, that, if insurgents, they should be handed over to the custody of the Government; but if, on the contrary, they were free from any voluntary participation in the rebellion, and sought the shelter and protection of our flag, then they should be cared for, and employed in some useful manner, and might be enlisted to serve on our public vessels, or in our navy yards, receiving wages for their labor. If such employment could not be furnished to all by the Navy, they might be referred to the army, and if no employment could be found army, and if no employment could be found for them in the public service, they should be allowed to proceed freely and peaceably, with out restraint, to seek a livelihood in any loyal portion of the country. This I have considered to be the whole required daily, in the premises, of our naval officers."

It is printed on a large sheet, twenty-seven
by forty-two inches, and is furnished at the low
prices stated below.
It will contain all the original matter of the
daily National Republican, with the exception
of local news not interesting to country sub-

It will give full reports of the proceedings of Congress, and of the other departments of the National Government.

It will contain all the news of the day, foreign and domestic, markets, &c., &c., as well as an original cerrospondence from all parts of the country. The miscellaneous department will receive special attention, and, in all respects, the effort will be made to establish the character of the National Republican as a Family Newspaper.

Washington being now the central point of the current military operations, great attention will be paid to furnishing the readers of the National Republican with full, and especially with accurate, accounts of the progress of the war for the Union.

In politics, the paper will be Republican, sustaining the Administration of Mr. Lincoln, but disclaiming, however, any pretension to be the organ of the President.

The is no other Republican paper in the District of Columbia, or in the vicinity of it, and it is believed that recent events have opened to such a paper an important sphere of useful effort. The time has come, when the actual administration of the Government upon Republican principles will explode the misrepresentations which have made those principles so distasteful to the South.

But it is not only here, and in this vicinity,

distasteful to the South.

But it is not only here, and in this vicinity that the projectors of the National Republican hope to make it useful. To the whole country they offer a journal which will discuss national politics from a national standpoint, and which will never be swerved from patriotic duty by any overpowering pressure of local interest.

DYSPEPSIA, INDIGESTION

THE OBJECT of all medicine is either to preent disease, or to assist Nature in restoring the purpose of temporarily stimulating or ex-citing the organs into a condition resembling bealthful sotion, without any remedial effect and generally followed by a return of the dis ease, or a prostration of a nervous energy more

disastrous than though Nature had been left to take its own course. Dr. Greeley's Bitters are a preparation of the nutritive preperties of the grain of the fields in combination with the active principle of many simple alteratives and bitter tonics, and it is a pleasure to the proprietors to state that its use Juliess is being generally acknowledged by the largely-increasing consumption in those sections where it is best known, and by the test. mony of many eminent physicians, who nave not only made trial of it, but continually pre scribe the Bitters in those cases for which it i

The Bitters are tonic, and of a nature never before attained in any medicine. It will make the weak strong, the despending hopeful, the sick well. For any complaint of the Stomach, Liver, or Bowels, there is nothing comparable with this medicine In America, the Liver is the best abused of all the organs in the body. It is made the saddle of all other organs. As a consequence, it is often out of order, and not unfrequently nearly inoperative. This need not be; on the contrary, it is quite unnecessary. A little common sense, and a sufficiency of Greekey's Bourson BITTERS, will keep the Liver right, and make

man a man, and woman, now miserable, quite happy. The Bitters regulate and strengthen the Liver, no less than purify it. The increase of Nervous Disorders, at the present day, is one of the most alarming indications of the age, or rather, would be, were it not that a most admirable cure had been found. There is not a phase of nervous discase, whatever it may be, that these Bitters will not act upon favorably, and in the most efficient manner.
